

2-Wire System DT601 Outdoor Station

V-TOK

DT601/FE Series

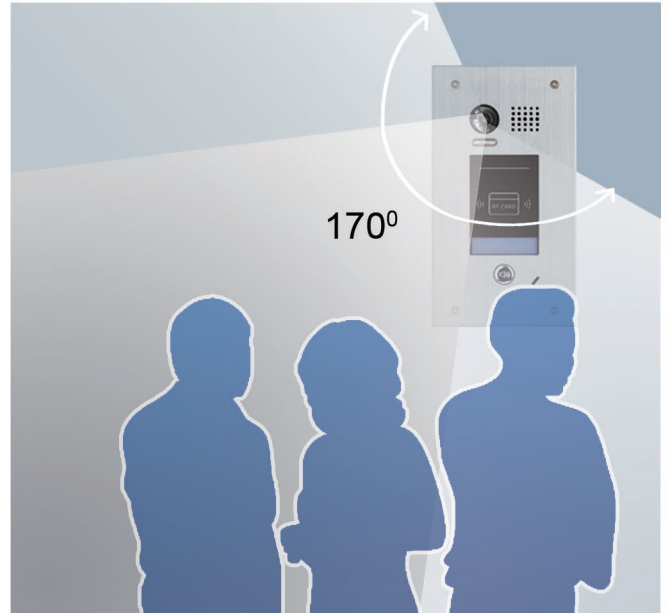

Fisheye Camera Function Show:

ADVANCED VIDEO DISPLAY

■ NIGHT VIEW LED

- Auto sensor night-view LED, give you a colorful image even at the darkest night

■ WIDE ANGLE CAMERA

- Wide angle and high resolution camera
- 170 degree fish eye camera for a secure view angle to protect your life

Fisheye Lens

The door stations support specific 170° wide angle fish-eye camera to provide a view of the entire entrance.

With the fish-eye camera, it allows to identify everyone at the entrance and see individuals up close.

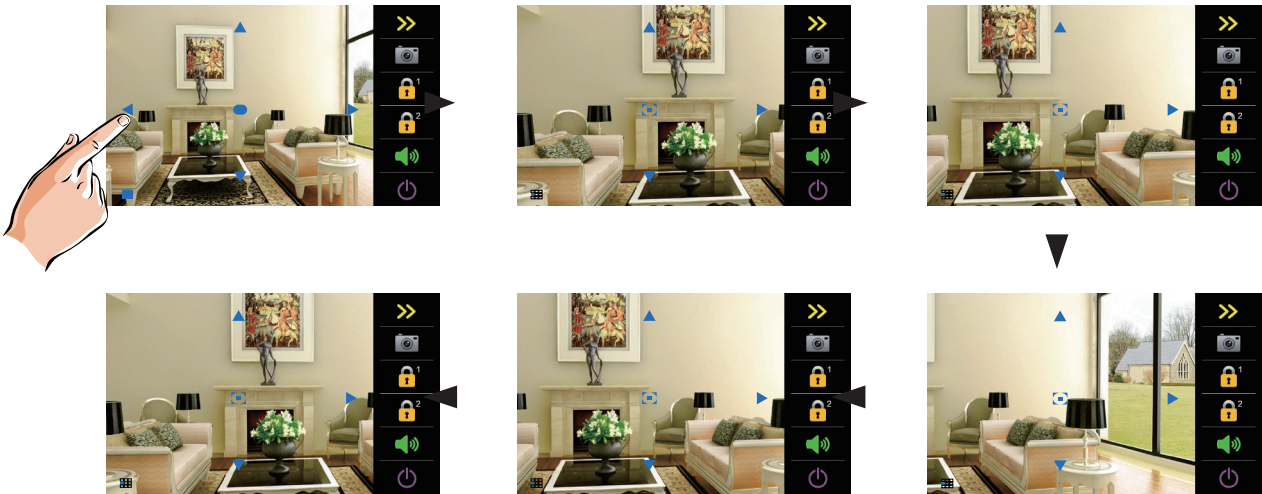

Panview Function Show

The video is divided into nine parts, as shown in the figure to the right.

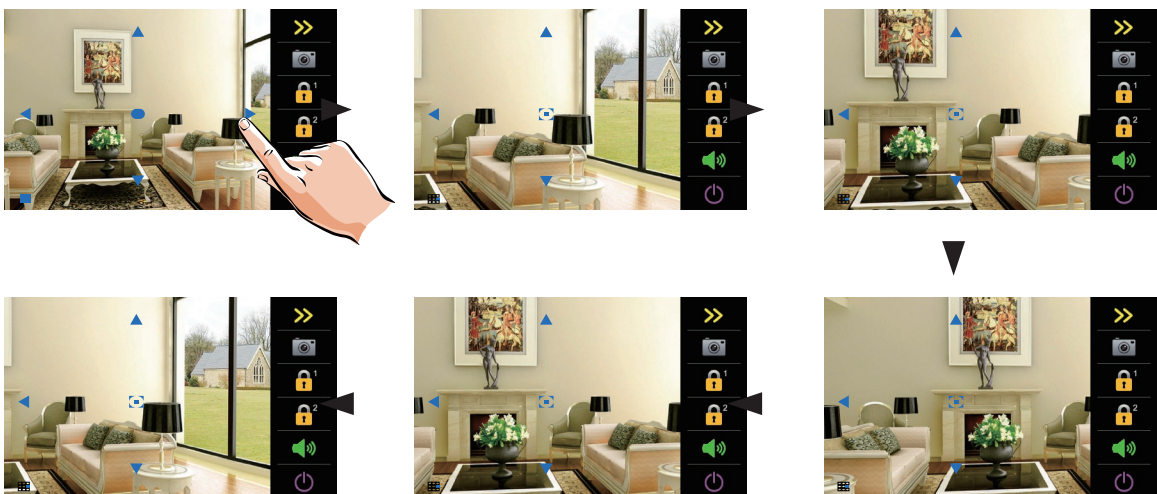

In this case there are two panview modes:

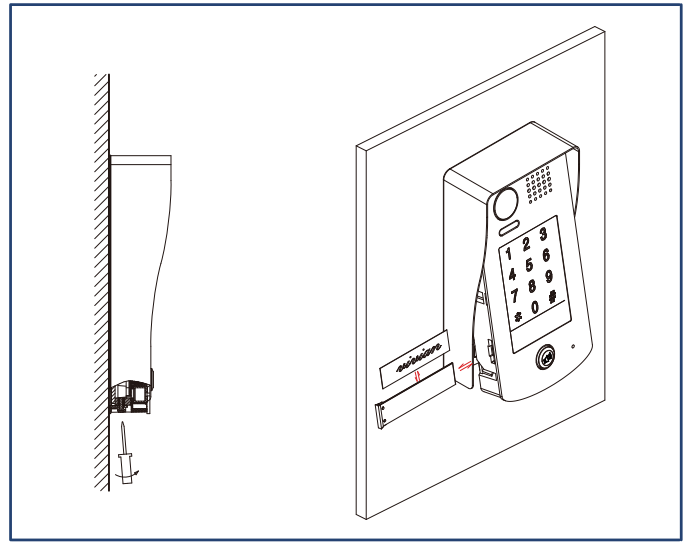

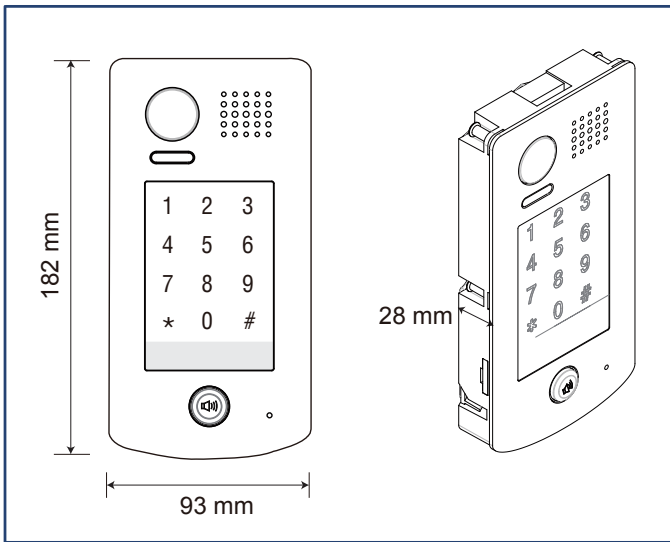

1) Touch area 4: zoom area 4, the lens moves to area 6, and then return to area 4;

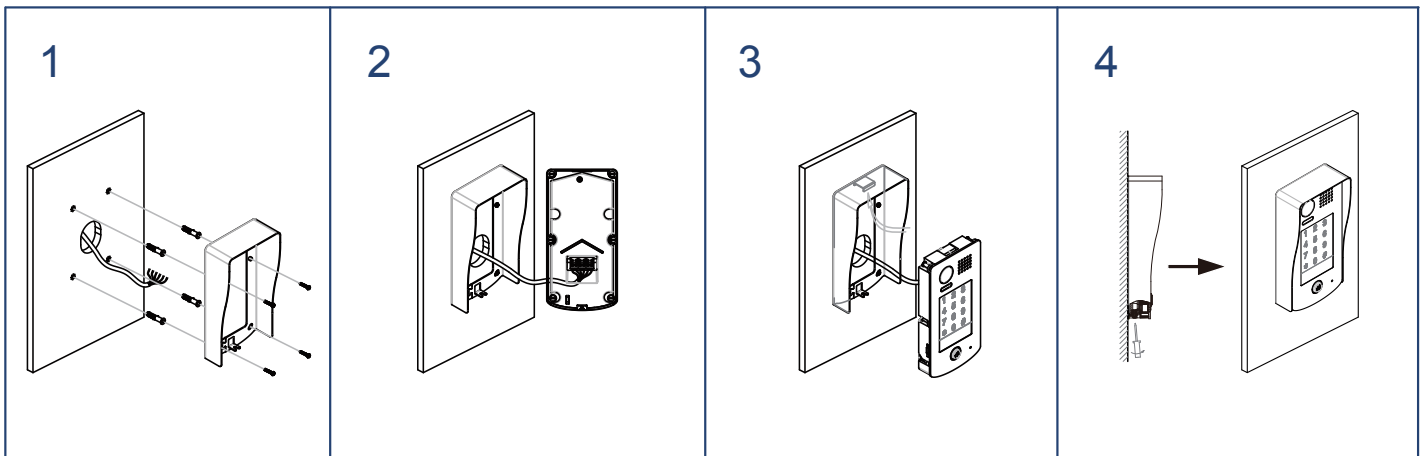

2) Touch area 6: zoom area 6, the lens moves to area 4, and then return to area 6;

Unit Dimension and Nameplate installation

Unit Mounting

* Please refer to manual about flush mounting
